**\*The above prices are exclusive of VAT. 15% VAT is applicable and will be added to the above prices.**

\*\* If rubble is not accessible enough for rubble to be thrown directly onto truck, and therefore needs to be loaded into a wheelbarrow, carted across site onto a scaffold plank and onto the truck, this will constitute a wheel barrow load charge being applied.

\*\*\* Please note that all our loads are dumped legally at DSW land fill sites where we are charged dump fees. We advise clients to try separate the building rubble from plastic, timber and other waste material where possible, as this will help to keep mixed loads to a minimum.
